COMPANY PROFILE.

www.omtrading.co.za

ABOUT COMPANY

OM TRADING (PTY) LTD was established in 1999 to explore and target a niche in the private and public sectors. We are 100% Black Economic Empowerment certified entity, specializing in re-pairing, manufacturing and importers of mining and plant equipment subassemblies and spares with over 40 years combined experience in the industry.

OM Trading is driven by the sole purpose of providing superior quality products and we pride our-selves with the level of service we offer our customers regarding our turnaround time and efficient service.

Our staff has invaluable expertise and knowledge in the industry and is well placed to provide you with excellent service and a dedicated after - sales service at all times.

MORE ABOUT COMPANY

We leverage our national organization and aggregate our extensive expertise by offering a unique combination of both applications experience and product-based knowledge. Clients therefore benefit from direct technical discussions with our local specialist, who are able to draw upon this expertise and provide the most suitable local solution and service that enhance safety, improves sustainability, decrease cost and increases efficiency.

Careers in engineering and product management are about making sure it's right, from the start.

OUR APPROACH

Leadership through performance: we demonstrate and promote leading environmental and social practices that will encourage better industry wide performance. OMT follows a rigorous admissions process and commitment to stringent performance expectations.

Listen and engage: society's views and expectations of our clients.

Enhance understating: in advocating the values of a responsible and sustainable to the industry and promote the contribution of responsibly produced end products to society.

Shape the policy environment: by bringing evidence -based perspective and considered thought leadership to inform the delivery of policies and standards that support sustainable development outcomes.

MISSION

In collaboration with others, we will strengthen the social and environmental performance of the industry we operate in that captivate the confidence of the customers and associates.

VISION

Mining, metals, Agriculture, Power Generation, Forestry and Agriculture sectors are respected in-dustries, trusted to operate responsibly and contribute to sustainable development by working in partnership innovatively, advocacy and good service.

VALUE

Care for the safety, health and well-being of workers, contractors, communities and customers.

Respect for people and the environment.

Integrity in dealing with all humans

Accountable to our promises and uphold our commitments.

Collaborate as a preferred means of working with our others in an open, transparent and inclusive manner.

Direct service is the foundation of our success.

WHAT WE DO

MANUFACTURE

Our manufacturing facilities focus on performance, durability, and quality – supplying products designed to withstand all your heavy equipment hydraulic needs.

STOCK

We have mechanical parts and tools for underground mining equipment

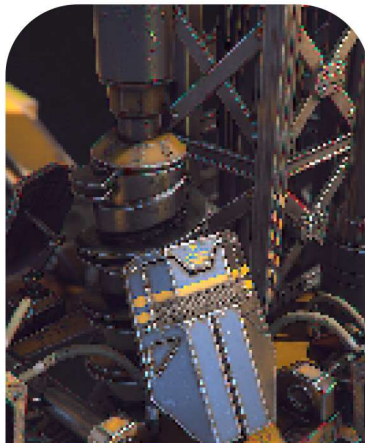

REPAIRING

We specialize in repairing heavy underground mining equipment.

IMPORT

We help you to scale your business into new territories and handle the complex and intensive import/export of heavy machinery.

FABRICATION

We are able to complete complex, custom fabrications to your exact specifications.

MACHINE REBUILD PROGRAM

Our service capabilities, facilities, and personnel allow us to deliver "like-new" equipment at a cost significantly less than a new machine.

SERVICES OFFERED

- * Hydraulic Pumps, Valves and Cylinders
- * Drive Trains components
- * Electric Motors and Panels
- * Drill Heads, Blowers and Take Up Winches
- * Wheel Units, Gearboxes, Gathering Arms Pots, Drifters, Conveyors kits, Wheel Motors, Cable drums, Wet Brakes
- * Spooling Devices, Drag Links, Head Shafts, Take up Shafts, Prop Shafts, Tie Rods Ends.
- * Buckets, Boom Cradles, H Frames, Oscillation Articulation Assemblies
